All members of school council were present today. No apologies.

Learning Walk – Monday 2nd November

Today we prepared for our Learning Walk on Monday 2nd November. We decided that the focus of our learning walk would be the types of questions that teachers ask (open or closed) and the book corners. We divided into two groups and thought of the things that we needed to include on our checklist for each focus of our learning walk.

Year 3 and 4 will look at the book corners.

Year 5 and 6 will look at the types of questions that teachers ask.

The following lists are the ideas that we thought of that we should include on our learning walk checklists.

Book corners:

- Are the book corners tidy?
- Are there signs inviting you to read e.g. a good book
- What decorations are there to make the book corner inviting?
- Are there comfortable cushions?
- Are the books sorted into categories?

Questions:

- Do teachers ask a range of questions?
- Do teachers use close questions?
- Do teachers use open questions?
- Are talk partners used for answering a question?

Actions:

- Miss Graham to develop the checklists and feedback to school council.
- Inform the teachers of our learning walk and what we will be looking at.
